Dear Students, Faculty, Staff, Parents, and Prospective Students and Employees:

Illinois Eastern Community Colleges and the Board of Trustees are committed to engaging the campus community, including local law enforcement agencies, to ensure a safe learning and workplace environment is present at all times. To accomplish such, IECC monitors and evaluates campus safety on a regular basis and ensures policies and procedures are always up-to-date. IECC emergency plans such as the Emergency Response Plans and the Violence Prevention Plans are also updated on an annual basis. Regular training is provided to staff, faculty, and students throughout the District to ensure the maintenance and promotion of a safe campus community. Ongoing prevention and awareness programming provides students with an enhanced understanding and knowledge of all campus safety and security related policies and procedures, while employees are provided with regular training to equip them with the knowledge and resources available to assist in the prevention of campus crime.

Sincerely,

Ryan Gower, Ph.D.
Chancellor
Illinois Eastern Community Colleges
The following is information to be reported pursuant to federal law and regulation.

**Reporting Crimes and Emergencies**

**Campus Emergencies**

All members of the IECC community, and all visitors, are encouraged to accurately and promptly report potential criminal activity, suspicious behavior and any emergencies on campus to the appropriate College President or other designated official. If someone witnesses a crime or is in fear for his/her safety, they can contact 9-1-1 via any campus or cellular phone. Crimes should be accurately and promptly reported to the College President and/or the appropriate law enforcement agency, when the victim of a crime elects to, or is able to, make such a report. Note: None of the Colleges have campus police or a security department. The College Presidents can be reached at the contact information listed below:

Reports may be made in person to the President’s Office at each respective campus, or to any Campus Security Authority (CSA) during regular hours of operation, or to the appropriate law enforcement agency. Students and employees should report criminal offenses for the purpose of assessing the crime for potential distribution of a timely warning notice to the campus community and/or inclusion in the annual statistical disclosure.
**Campus Security Authorities**
Campus Security Authorities (CSA) are responsible for reporting all crimes reported to them to the designated officials at IECC. The following positions, and the respective individuals that assume these positions, are classified as a CSA at IECC: President, Administrative Assistant to the President, Dean of Instruction, Administrative Assistant to the Dean of Instruction, Athletic Director, Athletic Coach, Student Organization Advisor, Retention Coordinator, Title IX Coordinator, Sexual Misconduct Investigators, and Members of the Threat Assessment and Behavioral Intervention Team (TABIT).

**Reporting a Crime**
Illinois Eastern encourages all students and employees to report all on-campus incidents of criminal activity, including but not limited to, murder, rape, sexual assault, robbery, aggravated assault, burglary, and motor vehicle theft, along with on-campus arrests for liquor law violations, drug law violations, and weapons possessions to the President or his/her designee. Reports may be made in person to the President’s Office at each respective campus, or to any Campus Security Authority (CSA) during regular hours of operation, or to the appropriate law enforcement agency. Students and employees are encouraged to report all crimes considered to be a threat to students and employees so that Illinois Eastern can determine if preventive measures can be implemented to prevent recurrence of a particular crime. Reporting is also requested for evening classes and college events occurring at locations other than college property.

Any crime reported to IECC officials will require appropriate attention in order to adhere with state and federal regulations and/or the possible issuance of timely warnings. IECC does not have confidential crime reporting options.

Crime report documentation and records are maintained in a centralized office location upon receipt of reports from CSAs, College officials, and/or local law enforcement agencies.

**Response to a Report**
College officials will cooperate with local law enforcement officials during an ongoing criminal investigation on an as-needed basis. In the interim, college officials can ensure victims are provided with on-campus resources and/or information about any off-campus services as necessary.

College officials may also convene the Student Disciplinary Committee or TABIT in response to an incident that has occurred on campus, if applicable, for review and for potential action, as appropriate. Upon written request, IECC will release the report on the results of any disciplinary proceeding conducted by the institution against a student who is the alleged perpetrator to the victim of a crime of violence or a non-forcible sex offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for this purpose.

IECC does not have any employees performing in an official pastoral or professional counselor role although referrals are made to professional counselors and counseling organizations; therefore, IECC does not have policies or procedures that encourage crime reporting procedures to clients receiving counseling services.
**Timely Warning Notices**
IECC will monitor and cooperate with law enforcement agencies to keep students and employees apprised of reported crimes and arrests of students and employees which occur in the college community. A Timely Warning Notice will be distributed to the college community when a crime is reported that poses a serious or continuing threat to the campus community. Timely Warning Notices will be distributed using the Emergency Notifications in the ReGroup System or through the Student Portal.

Timely Warnings are usually distributed for the following Uniformed Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) classifications: major incidents of arson, murder/non negligent manslaughter, and robbery. Cases of aggravated assault and sex offenses are considered on a case-by-case basis, depending on the facts of the case and the information known by the appropriate college officials. For example, if an assault occurs between two students who have a disagreement, there may be no on-going threat to other college community members and a Timely Warning would not be distributed. In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a “timely” warning notice to the community. Sex offenses will be considered on a case-by-case basis depending on when and where the incident occurred, when it was reported, and the amount of information known by college officials. Cases involving property crimes will be assessed on a case-by-case basis and alerts will typically be sent if there is a discernible pattern of crime.

The President or his/her designee reviews all reports to determine if there is an on-going threat to the community and if the distribution of a Timely Warning is warranted. If warranted, the President, or his/her designee, will distribute the Timely Warnings using the systems identified above. Timely Warnings will be provided to students and employees in a manner that is timely, that withholds the names of victims as confidential, and that will aid in the prevention of similar occurrences.

**Security, Access, and Maintenance of Campus Facilities**
IECC custodial and maintenance staff or other District personnel are responsible for the security, access, and maintenance of all District buildings and grounds. Lighting, landscaping, and other safety-related aspects of the campuses are continually monitored, maintained, and repaired.

As such, custodial and maintenance staff or other college personnel will be present on campus during all times that classes are in session. IECC buildings and facilities are generally intended for the use and benefit of the students and employees. However, the facilities are open and accessible during normal business hours and into the evening and weekend hours depending on class schedules and events. Visitors and guests seeking to utilize college facilities are required to make prior arrangements with the appropriate college officials. Note: IECC does not own or control any residence halls or student housing.

IECC does not possess a campus security department or campus law enforcement; therefore, each College is routinely patrolled by local law enforcement agencies to evaluate and monitor security-related matters. There is no memorandum of understanding regarding any topic, including the investigation of criminal incidents, in place between IECC, the colleges, and local law
enforcement agencies. IECC maintains a working relationship among college officials and state and local law enforcement agencies for the investigation of alleged criminal offenses.

**Campus Emergency Response Plans and Immediate Notification**

The Illinois Eastern Community Colleges Board of Trustees recognizes the importance of creating and maintaining Emergency Response Plans that outline the plan for managing major emergencies and incidents that may threaten the health, safety, and welfare of the college community or disrupt its programs or activities. The Emergency Response Plans meet the requirements of the Illinois Campus Security Enhancement Act of 2008 (P.A. 095-0881; 110 ILCS 12/20) and the Illinois Administrative Code Part 305 and are compliant with the Illinois Emergency Management Agency Act (20 ILCS 3305) and the National Incident Management System (NIMS). The Emergency Response Plans also provide for Business Continuity (Annex 10) and Academic Continuity (Annex 11) which includes general framework for planning and decision making as it pertains to the academic and business functions of IECC in case of a campus emergency.

The college President, or his/her designee, coordinates appropriate actions, on behalf of the college, in all emergencies in accordance with the respective college’s Emergency Response Plan. A Continuity of Administration team is outlined in each Emergency Response Plan and consists of the President, Dean of Instruction, Director of Instructional Services, Director of Business, and Operations & Maintenance Team Leader at each college.

Emergency Response Plans are reviewed and revised, as necessary, on an annual basis. Procedures for specific emergency scenarios are accessible to students, faculty, staff and the public through a link from the IECC homepage.

**Initiation of Emergency Response Plan**

The President, or designee, in conjunction with the national weather service, local first responders, health service departments, college administrators, etc., will be responsible for confirming the existence of a significant emergency or dangerous situation.

Upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus, the President or designee will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The President, or designee, will collaborate with Public Information and Marketing to craft the message that will be distributed via some, or all the systems described below to communicate the threat to the college community, or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population.

IECC will use an Emergency Alert system to communicate an immediate threat to the campus community. The Emergency Alerts will be delivered in the form of a text message and/or email to alert students and employees, within minutes, whenever a significant emergency or dangerous situation has occurred which may pose a potential threat. The Emergency Alerts will include
instructions for taking appropriate actions. Individuals of the larger community can opt-in to receive the Emergency Alerts based on the college of their choice, by registering at www.iecc.edu/safety. Email notifications can also be sent via the Student Portal to notify the entire college community of an ongoing threat.

**Emergency Drills and/or Testing**

Emergency drills and the testing/evaluation of emergency notifications and responses are conducted on an annual basis, involving the college community at each of the colleges. The exercise and drill may be announced or unannounced and response and effectiveness will be evaluated and documented. IECC distributes its emergency response and evacuation procedures to appropriate college officials and all relevant agencies that may serve the college community in the event of an emergency, including but not limited to local law enforcement agencies, healthcare facilities, emergency management agencies, counseling centers, fire departments, etc. Emergency evacuation information and routes are posted in all facilities.

**Summary of General Evacuation Procedures**

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of a fire or other emergency. In addition to fire drills, other drills that are annually conducted at each college may include active shooter situation drills, gas leak drills, and/or earthquake drills. Evacuation drills are used to educate and train occupants on fire safety issues specific to their building. During the drill, occupants “practice” drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. In addition to educating the occupants of each building about the evacuation procedures during the drills, the process also provides the college an opportunity to test the operation of fire alarm system components.

The following steps have been outlined in the college emergency guides located throughout the campuses to inform students, employees, and visitors of the appropriate actions to take in the event of a fire situation:

*If you discover a fire:*

- Manually activate the building's fire alarm system immediately.
- Evacuate the building, closing doors and windows in your immediate area.
- Assist those who need help, but carefully consider whether you may put yourself at risk.
- Evacuate to an Evacuation Assembly Area. If not known, exit the building and find a safe location. If you are not able to evacuate, go to an Area of Rescue Assistance, if you can.
- Call 911.
- Alert authorities to those who may need assistance.
- Do not re-enter the building until informed by emergency response personnel that it is safe to return.

*If a fire alarm is activated:*

- Evacuations are mandatory for fire alarms and when directed by authorities. No exceptions!
- Take critical personal items only (keys, purse, and outerwear) and close doors behind you.
- Assist those who need help, but carefully consider whether you may put yourself at
risk.

- Evacuate to an Evacuation Assembly Area. If not known, exit the building and find a safe location. If you are not able to evacuate, go to an Area of Rescue Assistance, if you can.
- Alert authorities to those who may need assistance.
- Do not re-enter the building until informed by emergency response personnel that it is safe to return.

*If caught in smoke:*

- Drop to your knees and crawl to the closest safe exit.
- Breathe through your nose, and use a shirt or towel to breathe through, if possible.

*If trapped in a building:*

- Close all doors and windows.
- Place something under the door to prevent smoke from entering.
- Attempt to go to a window to signal people outside of the building.
- Call 911.

*Using a fire extinguisher:*

- **Report the fire first.** Call 911 before attempting to use an extinguisher.
- Use a fire extinguisher only if you have been trained to do so. Improper use of an extinguisher can increase the hazard.
- If you have any doubt about your ability to fight the fire, exit immediately.
- If you decide to use a fire extinguisher, place yourself between the fire and your exit from the area.
- To use the fire extinguisher, follow the PASS method:
  - **P** ull the pin. This will break the tamper seal if one is provided.
  - **A** im low, pointing the extinguisher nozzle (or the horn or hose) at the base of the fire.
  - **S**queeze the handle to release the extinguishing agent.
  - **S**weep from side-to-side at the base of the fire until the fire is out. Watch the area.

**Campus Safety and Security Procedures and Prevention of Crime Programming**

IECC annually distributes the Campus Safety and Security brochure at new student orientation sessions, in brochure display racks, and in new student informational folders and/or packets. This brochure contains the Campus Safety and Security Policy, which outlines the appropriate individuals in which crimes should be reported; an overview of policies to ensure campus safety and security of students and employees alike, such as drug-free workplace and concealed firearms; a breakdown of the campus crime statistics per college; and identifies the responsibilities students must embrace to ensure the safety of themselves and those around them. The Campus Safety and Security brochure is distributed annually to all IECC employees as well.

Additionally, evacuation and shelter maps are posted in all classrooms, office areas, and in various public locations at each of the colleges. Each of the colleges has an extensive security camera system. These cameras are monitored intermittently by college administrators.
**Crime Statistics**

The IECC crime report statistics are compiled from all reported incidents to the designated officials at each of the colleges. A formal police report is not needed for a statistic to be included in the annual crime report.

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the college community obtained from the following sources including but not limited to: Albion Police Department, Clay County Sheriff’s Department, Edwards County Sheriff’s Department, Fairfield Police Department, Flora Police Department, Grayville Police Department, Lawrence County Sheriff’s Department, Mt. Carmel Police Department, Newton Police Department, Olney Police Department, Richland County Sheriff’s Department, Robinson Police Department, Wayne County Sheriff’s Department, and non-police officials identified by Federal Law as Campus Security Authorities at each of the colleges. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

The report is published by October 1 of the current year and includes statistics for three previous calendar years. For example, the report published by October 1, 2022, includes statistics for the 2019, 2020, and 2021 calendar years. The President or designee compiles crime report statistics for any incident which occurs at any college-owned or operated location. The staff, in cooperation with local law enforcement agencies, keeps a record of these statistics and reports the information to the National Uniform Crime Report Division of the FBI.

The Crime Report Statistics for the previous three calendar years are as follows:

For purposes of reporting statistics, the district must distinguish criminal offenses according to the location at which they occur. Geographic locations are defined as follows:

**On-Campus:** Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including any building or property that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes.

**Non-Campus:** Any building or property owned or controlled by an institution that is used in direct support of or in relation to the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution. Note: The Colleges do not own or control any housing facilities; however, crime statistics have been collected and presented in the tables above due to many of the residents at these housing facilities being IECC students. Furthermore, IECC does not have any student organizations that own or control non-campus facilities.

**Public Property:** All public property, including thoroughfares, streets, sidewalks and parking facilities, that is within the campus/location or immediately adjacent to and accessible from the campus/location. IECC crime statistics do not include crimes that occur in privately owned homes or businesses within or adjacent to the campus/location boundaries.

**Incident Log**
While IECC is not required to maintain a daily crime log based upon federal guidelines, crime report documentation and records are maintained in a centralized office location upon receipt of reports from CSAs.

**Illinois Sex Offender Registry**
IECC is dedicated to ensuring the safety of its students and employees in compliance with federal law, the Campus Sex Crimes Prevention Act, and state law, the Illinois Sex Offender Registration Act, 730 ILCS 150/3, which require sex offenders or sexual predators to register, within three days, at the College or University in which they attend or are employed. The purpose of this Policy and corresponding procedure is to document IECC’s registration requirements for students or employees who are convicted sex offenders or sexual predators, and who are required to register as such, pursuant to these Acts. Due to the presence of minors, IECC has the right to limit
access by sex offenders to courses, programs, and areas on campus.

IECC requires convicted students to register as a sex offender/predator in Student Services upon enrollment/admittance to college. Students who neglect to self-identify by the third day of beginning school (or within 3 days of a sexual offense conviction that requires registration) may be subject to immediate expulsion. Employees who fail to register with Human Resources within three days of employment or conviction, as required by the Acts, will be subject to dismissal from employment.

The Campus Sex Crimes Prevention Act also requires institutions of higher education to issue a statement advising the campus community where to obtain law enforcement agency information provided by a state concerning registered sex offenders. IECC complies by providing a link to this information in the academic catalog and on the iecc.edu website.

**Nondiscrimination**

Illinois Eastern Community College District No. 529 does not discriminate based on race, color, sex, pregnancy, gender identity, sexual orientation, age, marital status, parental status, religious affiliation, veteran status, national origin, ancestry, order of protection status, conviction record, physical or mental disability, genetic information, or any other protected category.

IECC prohibits the possession, use, or sale of alcohol or illegal drugs on any IECC properties or at any IECC-sponsored classes, programs, services, or other activities and events. Any violation of IECC Substance Abuse Policy or Drug-Free Workplace Policy will result in the involvement of appropriate law enforcement officials. IECC and all its properties are smoke-free campuses. IECC cooperates with all outside law enforcement agencies regarding the enforcement of state and federal underage drinking and drug laws.

**Substance Abuse Policy (100.9)**

The Board of Trustees recognizes the importance of a college environment which is free of substance abuse. Programs of education, rehabilitation and treatment are implemented to promote a substance-free college environment. The college environment includes students, employees and other people participating in District 529-sponsored classes, programs, services and other activities and events.

Section 22 of the Drug Free Schools and Communities Act Amendments of 1989 (DFSCA) added section 1213 to the Higher Education Act of 1965 (HEA), requiring that all institutions receiving federal financial assistance, including student financial aid, implement a drug prevention program.

Pursuant to section 22 of the DFSCA, Drug-Free Workplace Act of 1988, and the Controlled Substance Act of 1970, Illinois Eastern Communities Colleges prohibits the unlawful possession, sale, transfer, purchase, or use of alcohol, unlawful narcotics, cannabis or any other controlled substance on college property or on the premises where college activity is occurring.
Under federal jurisdiction, the possession, sale, transfer, purchase, or use of cannabis, including medical marijuana, is unlawful. Therefore, although Illinois state legislation permits the authorized use of medical marijuana, under physician prescription, and recreational marijuana, for residents of or above the age of 21 (effective January 1, 2020), the possession, sale, transfer, purchase or use of all cannabis, is prohibited on college property or on the premises where college activity is occurring.

Students and employees in violation of this policy are subject to disciplinary action including, but not limited to, referral to counseling, academic suspensions or expulsions for students, and termination of employment for employees. Any illegal substance abuse instance will result in the involvement of law enforcement officials.

Contractors to District 529 are expected to comply with the Drug-Free Workplace Act of 1988.

**Drug-Free Workplace Policy (400.19)**

Illinois Eastern Community Colleges has a duty to protect its employees, students and the public from dangers posed by the unlawful manufacture, distribution, dispensation, possession, or use of drugs in the workplace. The college will take all reasonable steps to insure a drug-free workplace in its programs during the performance of any federal contract work. IECC policy strictly prohibits all employees engaged in performing federal contract work from unlawfully manufacturing, distributing, dispensing, possessing, or using controlled substances in the workplace.

**I. Notice of Conviction**

As a condition of employment, all employees directly engaged in performing work under federal grants must agree to comply with this policy and must agree to notify the President or the Chancellor no later than five (5) days after any conviction for workplace violation of a criminal drug statute. The Agency will report such convictions to the federal government within ten (10) days. Any employee who is convicted of such a crime is also subject to discipline up to and including discharge. Where appropriate, in the College's discretion, employees who are convicted of such crimes may be required to participate satisfactorily in a drug rehabilitation or counseling program.

**II. Definitions**

The term "controlled substances" means substances listed in Schedules I through V of Section 202 of the Controlled Substances Act, 21 U.S.C., ' 812. Among other substances, it includes such illegal drugs as marijuana, cocaine, crack, PCP, heroin, morphine and LSD. For the purpose of this policy, drugs are defined as any drug which is not legally obtainable and/or any drug which is legally obtainable, such as a prescription drug but which is not legally obtained, is not being used for prescribed purposes and/or is not being taken according to prescribed dosages. The phrase "conviction for a violation of a criminal drug statute" means a finding of guilt, a no contest plea or an imposition of sentence by any judicial body for any violation of any state or federal criminal statute involving the manufacture, distribution, dispensation, use or possession of any controlled substance.

**III. Penalties for Violation**
Compliance with this policy is a condition of continued employment. Consequently, a violation of any aspect of this policy will render college employees subject to disciplinary action, up to and including termination. Alternatively, if deemed appropriate by the college under the circumstance, any employee who violates this policy may be required to participate in and complete a drug abuse assistance or rehabilitation program to the satisfaction of the Agency.

**Tobacco Free/Smoke Free Campus Policy (100.15)**
The Board of Trustees of Illinois Eastern Community Colleges recognizes the importance of providing a healthy environment for students, staff, and the general public in compliance with the Illinois Smoke Free Campus Act (Public Act 98-0985). In addition to smoking, the district further extends the prohibition to include tobacco products and the littering of tobacco product remains or any other related tobacco waste product on district property.

As of July 1, 2015, smoking and the use of tobacco products is prohibited on all IECC property, both indoors and outdoors, with the only exception being persons in non-district owned or leased vehicles.

This policy applies to any individual on IECC property, including but not limited to students, faculty, staff, contractors, subcontractors, volunteers, members of the public, business invitees, and visitors to the college. This policy is applicable twenty-four (24) hours a day, seven (7) days a week and will be communicated to all through conspicuous signage. Maps depicting the locations where smoking and tobacco use are prohibited will be posted on the IECC website. Students in violation of this policy shall be subject to the sanctions described in the Student Code of Conduct; all others shall be subject to appropriate disciplinary action.

**Definitions**
“Smoking” means (1) lighting or burning any type of matter or substance that contains tobacco, including but not limited to cigarettes, cigars, cigarillos, pipes, beedies, kreteks, water pipes, bongs, and hookahs; (2) lighting or burning of non-tobacco plants or marijuana (including medical marijuana); and (3) using electronic cigarettes, electronic vaporizing devices, personal vaporizers, electronic nicotine delivery systems, or any electronic inhaler that is meant to simulate and substitute for tobacco smoking.

**Alcohol and Drug Prevention Program/Education and Awareness**
Communicating IECC’s Substance Abuse and Drug-Free Workplace policies to all individuals is critical to its success. To ensure all IECC employees are aware of their role in supporting these policies, all employees will receive a summary of the Drug-Free Schools and Communities Policies
and a web link to access the complete policy documents twice annually during the notification of policies. Students will receive an email twice annually about the District’s Substance Abuse Policy. Also, there are flyers and brochures throughout IECC facilities for reference by staff, faculty, students, and/or visitors. The Substance Abuse Policy is posted annually in the Student Handbook for each of the colleges and the Employee Handbook contains the Drug-Free Workplace Policy.

IECC will make a good faith effort to have and to maintain an alcohol- and drug-free workplace and learning environment.

**Health Risks**

IECC recognizes that the use of illicit drugs and alcohol abuse may lead to severe health risks.

Health risks associated with alcohol abuse and/or illicit drug use:
- **Violence** – fights, vandalism, sexual assaults, homicide and suicide are far more likely to occur when drinking is involved.
- **Unprotected sex** – individuals are less likely to use safer sex practices when drinking, which can result in unplanned pregnancy and infection with a sexually transmitted disease.
- **Serious injury** – over 53% of all fatal automobile accidents in the U.S. involve alcohol use.
- **Addiction** – although anyone can become addicted, those with a family history of alcohol or other drug addiction are at least four times more likely to develop alcoholism.
- **Lowered resistance to disease/illness.**
- **Increased risk of ulcers, heart disease, and cancers of the liver, mouth, throat and stomach.**
- **Fetal Alcohol Syndrome (FAS)/Fetal Alcohol Effects (FAE)** – women who drink during pregnancy may give birth to infants with physical deformities, brain damage and mental retardation. If a woman is pregnant, trying to become pregnant, or suspects she is pregnant; she should abstain from alcohol and other drug use.
- **Illicit drug use may result in:**
  - Physical or psychological dependency;
  - A craving or inability to stop using drugs;
  - Adverse effects on the body systems; injury due to motor vehicle crashes, assaults or other unintended acts.
  - Disruption of personal relationships and work habits;
  - Ineligibility for some types of employment.
- **Misuse of alcohol or drugs inhibits a person’s ability to act responsibly or react quickly.**

Below are a few safety tips to keep in mind:
- Limit alcohol intake.
- Avoid combining alcohol with prescription medicines and club drugs; the combination can be dangerous.
- Never leave a drink unattended or accept a pre-poured drink from a stranger.
- Buzzed or drunk driving is deadly and illegal; leave your vehicle parked and find other transportation. Your life and others’ lives depend upon your decision.

**Alcohol-Free Opportunities**

Students are encouraged to take advantage of alcohol-free programming and other activities that occur on- and off-campus.
Illinois State Law on Alcohol
It is illegal for anyone under the age of 21 to possess any alcoholic beverages. It is illegal for anyone under 21 to present false evidence of age to purchase any alcoholic beverage. It is illegal to sell or give away alcoholic beverages to a person who is, actually or apparently, under 21 or intoxicated. An underage drinking violation can result in loss of a driver’s license for a full year. Penalties for utilizing a false ID to obtain alcohol illegally have increased and include a possible loss of license. Driving while under the influence of alcohol or drugs is a criminal offense. In Illinois, the legal limit is .08% (BAC), and if you are under the age of 21, there cannot be any alcohol in your system. A driver who is intoxicated and causes someone’s death in an accident may be charged with vehicular manslaughter. If a person is injured by someone who is intoxicated, he or she could have a right of action to recover damages against the person who unlawfully caused or contributed to such intoxication. Infractions of the state's alcohol laws can be punishable by one or more of these punishments: fines, probation and/or jail time.

Illinois State Law on Controlled Substances
The Illinois state drug laws prohibit possession, sale and/or distribution of marijuana, even in the smallest quantity or unlawful possession of even small amounts of a controlled substance (e.g., cocaine, LSD, PCP, hallucinogenic substances, stimulants, narcotics) and possession of drug paraphernalia. Violations of the state's laws are punishable by a fine and/or imprisonment. Penalties depend on the quantity involved, the criminal record of the violator, and other factors. A Class A misdemeanor may result in a $1,000 fine and/or up to one year in jail. A felony conviction for possession of marijuana is punishable by a fine of up to $25,000 and up to $200,000 for possession of a controlled substance. Penalties for manufacturing and sale of a controlled substance are more severe.

Federal Law on Controlled Substances
The following infractions are punishable according to federal law: first conviction of illegal possession of a controlled substance, subsequent convictions for illegal possession of a controlled substance, federal trafficking of marijuana (depends on the form of the substance, quantity, and record of the violator) and federal trafficking of controlled substances such as heroin, cocaine, PCP, and LSD (depends on the substance, quantity, and record of the violator).

Penalties for infractions of the federal drug law include imprisonment for up to one year and/or a fine of up to $100,000. Subsequent convictions carry stiffer criminal penalties. Other penalties may apply, such as forfeiture of property used in connection with the crime, denial of certain federal benefits and revocation of certain federal licenses. A first offense violation may result in five years to life imprisonment (depending on the quantity) and/or a fine of $250,000 to $4 million.

Student Conduct Policy (500.8)
Illinois Eastern Community Colleges is committed to the personal growth, integrity, freedom of civility, respect, compassion, health, and safety of its students, employees, and community. To accomplish this commitment, IECC is dedicated to providing an environment that is free from discrimination, harassment, retaliation, and harmful behavior that hinders students, employees, or community members from pursuing IECC education or services. IECC has established the Student Code of Conduct (SCC) to communicate its expectations of students and to ensure a fair...
process for determining responsibility and appropriate sanctions when a student’s behavior deviates from those expectations. IECC sanctions are independent of other sanctions that may be imposed by other agencies as a result of civil or criminal prosecution.

Students, through the act of registration at Illinois Eastern Community Colleges, obligate themselves to obey all rules and regulations published in the college catalog, program and student handbooks, and/or on the website.

Confidential Options for Reporting
The following confidential advisors have been identified to provide support to victims. These advisors are not required to report any identifying information about an incident to the Title IX Coordinator without a victim’s permission. A Memorandum of Understanding (MOU) is signed by both the institution and the sexual assault agency each year. The IECC Title IX Coordinator is designated as the liaison for the institution. The liaisons for the sexual assault agencies are listed below. All services provided by the sexual assault agencies are free of charge.

CAISA and SAFE are part of Illinois Coalition Against Sexual Assault, which has sexual assault centers across the state. CAISA serves LTC, OCC, and WVC. SAFE serves FCC. IECC works with both agencies to provide services to IECC students.

All services to survivors, provided by CAISA or SAFE will be within the guidelines of the Preventing Sexual Violence in Higher Education Act 110 ILCS 155/1-99 and within the bounds of the Confidentiality of Statements made to Rape Crisis Personnel 735 ILCS 5/8-802.1. This includes providing 24-hour emergency support, as well as facilitating ongoing support related to the institution’s administrative processes on handling sexual violence, domestic violence, dating violence or stalking, providing information and support on reporting to law enforcement agency with jurisdiction over the matter, seeking emergency medical treatment, campus support services or community support services outside of CAISA or SAFE (when necessary) and information on protective orders. CAISA will provide this service in a manner that protects the student’s privacy and rights under the law. Note: CAISA or SAFE does not directly provide services for domestic violence; however, CAISA or SAFE will refer any survivors of such to the appropriate community-based domestic violence support agency.

Provide Institution with an aggregated report of calls originating from the Institution’s students, with basic non-identifying information on a scheduled basis. Information will only be provided within the bounds of the Confidentiality of Statements Made to Rape Crisis Personnel 735 ILCS 5/8-802.1.

How to Be an Active Bystander
(Taken from Rape, Abuse, & Incest National Network, www.rainn.org)
Everyone has a role to play in preventing sexual assault. There are many ways that you can step in or
make a difference if you see someone at risk. This approach to preventing sexual assault is referred to as
“bystander intervention.”

How can I play a role in preventing sexual assault?
The key to keeping your friends safe is learning how to intervene in a way that fits the situation and your
comfort level. Having this knowledge in hand can give you the confidence to step in when something isn’t
right. Stepping in can make all the difference, but it should never put your own safety at risk.

Create a distraction
- Do what you can to interrupt the situation. A distraction can give the person at risk a chance to get
to a safe place.
- Cut off the conversation with a diversion like, “Let’s get pizza, I’m starving,” or “This party is lame.
Let’s try somewhere else.”
- Bring out fresh food or drinks and offer them to everyone at the party, including the people you
are concerned about.
- Start an activity that draws other people in, like a game, a debate, or a dance party.

Ask directly
- Talk directly to the person who might be in trouble.
- Ask questions like “Who did you come here with?” or “Would you like me to stay with you?”

Refer to an authority
- Sometimes the safest way to intervene is to refer to a neutral party with the authority to change
the situation, like a college employee during regular operating hours, or to local law
enforcement.
- Talk to a security guard, bartender, or another employee about your concerns. It’s in their best
interest to ensure that their patrons are safe, and they will usually be willing to step in.
- Don’t hesitate to call 911 if you are concerned

Enlist others
- It can be intimidating to approach a situation alone. Enlist another person to support you.
- Ask someone to come with you to approach the person at risk. When it comes to expressing
concern, sometimes there is power in numbers.
- Ask someone to intervene in your place. For example, you could ask someone who knows the
person at risk to escort them to the bathroom.
- Enlist the friend of the person you’re concerned about. “Your friend looks like they’ve had a lot to
drink. Can you check on them?”

Your actions matter
Whether or not you were able to change the outcome by stepping in, you are helping to change the way
people think about their role in preventing sexual assault. If you suspect that someone you know has
been sexually assaulted, there are steps you can take to support that person and show you care.
Risk Reduction

With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one’s risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org):

1. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to avoid isolated areas. It is more difficult to get help if no one is around.
3. Walk with purpose. Even if you don’t know where you are going, act like you do.
4. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
5. Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
6. Make sure your cell phone is with you and charged and that you have cab money.
7. Don't allow yourself to be isolated with someone you don’t trust or someone you don’t know.
8. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
9. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately. Local authorities can be reached by calling 911 in most areas of the U.S.
11. Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, just get a new one.
12. Don’t accept drinks from people you don’t know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open containers.
13. Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated by the amount of alcohol they’ve had, or is acting out of character, get him or her to a safe place immediately.
14. If you suspect you or a friend has been drugged, contact law enforcement immediately. Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
   a. Remember that being in this situation is not your fault. You did not do anything wrong; it is the person who is making you uncomfortable that is to blame.
   b. Be true to yourself. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
   c. Have a code word with your friends or family so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
   d. Make up an excuse. If you don’t want to hurt the person’s feelings, it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
16. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
17. If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.
Programs to Prevent Domestic Violence, Dating Violence, Sexual Assault and Stalking

The district engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault and stalking and:

1. Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and
2. Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

Educational programming consists of primary prevention and awareness programs for incoming students and new employees and ongoing awareness and prevention campaigns for students and employees that include:

1. A statement that the institution prohibits the crimes of domestic violence, dating violence, sexual assault and stalking (as defined by the Clery Act).
2. The definitions of domestic violence, dating violence, sexual assault and stalking according to any applicable jurisdictional definitions of these terms;
3. What behavior and actions constitute consent, in reference to sexual activity, in the State of Illinois;
4. A description of safe and positive options for bystander intervention. Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and acting to intervene.
5. Information on risk reduction. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.
6. Information regarding:
   a. procedures victims should follow if a crime of domestic violence, dating violence, sexual assault and stalking occurs.
   b. how the institution will protect the confidentiality of victims and other necessary parties (as described in Notification of Rights and Options elsewhere in this document).
   c. existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both within the institution and in the community (as described in Notification of Rights and Options elsewhere in this document); and
   d. options for available assistance in, and how to request changes to academic, living, transportation, and working situations or protective measures (as described in Notification of Rights and Options elsewhere in this document).
   e. procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking.
**Primary Prevention and Awareness Programs**

These programs include distribution of educational materials to new students, participating in and presenting information and materials during new student and employee orientations, and offering specialized training.

Specifically, the Colleges offered *prevention and awareness programs* for *incoming students*. Each IECC college provides information at new student orientation and athlete orientations. The presentations include all forms of sexual discrimination, sexual harassment, sexual assault, sexual exploitation, domestic violence, dating violence, sexual violence, stalking, and bystander intervention. Presentations take the form of lecture, online, and hybrid. Information on preventing sexual misconduct is provided to new and current students in the student handbook (which has consistent content district-wide concerning district policies and procedures).
