FAIRFIELD, IL

ABOUT FCC

Established in 1976, Frontier Community College is a 55-acre campus located in Fairfield, Illinois. FCC serves Wayne, Clay, Edwards, Lawrence, and Jasper Counties. Transfer degrees are available, as well as Career and Technical Education (CTE) programs.

Class sizes are small and provide students with personalized lectures from instructors. Our faculty and staff are available to provide customized support. Students will earn a quality education at an affordable rate.

Prepare yourself for the rapidly-growing workforce by enrolling in a CTE program at Frontier Community College, which was ranked a Top 25 Two-Year Trade School in America (*Forbes*, 2018).

Students will learn from instructors with many years of field experience, and the latest tools and technologies will be incorporated into the classroom. Multiple programs include internships, which allow students to gain hands-on, real-world experience.

Fundamentals

Entrepreneurship is the practice of starting new organizations or revitalizing mature organizations, particularly new businesses in response to identified opportunities.

Entrepreneurs develop new markets; create customers or buyers; discover new resources of materials; mobilize capital resources; introduce new technologies, new industries, and new products intended to satisfy human needs; and create employment!

Careers

In this program, students will learn how to develop a small business from the ground up and gain hands-on operational experience at the Frontier Perks Coffeehouse on campus. Students will also learn how to create a detailed electronic business plan/portfolio, identify characteristics of successful plans, and recognize common pitfalls in planning the creation of your own business.

Entrepreneurship ranges in scale from solo projects (involving the entrepreneur as the only employee) to major undertakings creating many job opportunities.
