

—

All Our Kids Early Childhood Network is a community based collaboration committed to developing a high-quality, well-coordinated, easily-accessible system of care that will promote positive growth and development of expecting parents and families with children ages zero to five. The overall goal of the AOK Network is to ensure that all children under that age of five years and their families have the opportunity to receive the services they need to thrive. Together we are forging powerful connections so that service providers, parents, and community members can create the future they want for their children.

County Health Department

BREAKING BARRIERS

Across Illinois, AOK Early Childhood Networks are forging powerful connections so that service providers, parents, and community members can create the future they want for their kids. These networks are breaking down barriers and building strong, effective relationships among: Health Care, Early Intervention, Recreation, Faith Communities, Education, Advocates, Parent Advocates, Child Care/Preschool, Social Services, Local Employers, Mental Health and Grandparents

COMMON GOALS

AOK Early Childhood Network's throughout the state of Illinois work with communities to ensure that children are thriving by following the Developmental Pathway to Early Childhood Success. This pathway follows specific child & family impacts such as:

- *Babies are born healthy
- *Children are healthy, safe, and on a positive developmental trajectory
- *Children enter school safe, healthy, eager to learn and ready to succeed
- *Families and children are connected to the services they need.

*Communities build what they dream,
Families get what they need.
Children thrive.*

OUR NETWORK IS TAKING ACTION TOGETHER

We are a group of people who work together to make sure that all children 0-5 get services they need in all areas of their life. We help coordinate, trade ideas, make referrals and advocate for them.

This work is supported by the Illinois Department of Human Services, Illinois State Board of Education, Wabash County Health Department, and local agencies.

If these goals speak to your concerns for young children and their families in our community, AOK Early Childhood Network wants to hear from you!

Call us at 618-263-3873 ext. 237.
